PREFATORY NOTE.

The accompanying Catalogue of Books, relating to Canadian Historical subjects, has been prepared for the purpose of reference in the Departmental Library.

At the end of the Catalogue a list of books on Poetry in the Library, by Canadian authors, will be found.

Also an interesting list of old books in the Library, relating to Canada ; and published at or before the beginning of the present century.

Regulations for the government of the Library have been approved by the Honorable the Minister of Education, and are printed herewith.

The Catalogue has been prepared so that not only a book on a particular subject is indexed, but also the topics discussed or referred to in books of a miscellaneous character, or where the title of the book would not be comprehensive enough to show the entire subject of it.
